

How much does oral appliance therapy **cost?**

Covered by Insurance

Oral appliance therapy is covered under medical insurance, not dental insurance. Like any other medical claim, oral appliance therapy cost is dependent on 1.) the patient's policy 2.) patient's deductible. We are in-network providers for most insurances and also accept Medicare.

- BCBS
- UHC
- Medica
- Coventry
- Midlands Choice
- Aetna
- UMR
- Cigna
- Tricare
- HealthPartners

** Not inclusive; call us to see if we are in-network if your carrier is not listed

In-Office Staff

Our staff does all they can to optimize coverage and benefits, including:

- Calls to patient's insurance company to verify coverage so they are aware of out-of-pocket costs before moving forward
- Calls to patient's medical providers to gather all documentation required for coverage

In-Office Financing

We offer both CareCredit® and in-office 0% financing
